

AMENDMENTS TO THE CLAIMS

Prior to further examination please amend the claims as follows. The following list of claims replaces all prior listings and versions of claims in the specification.

1-52. (Canceled)

53. (Previously presented) A method for treating psoriasis comprising administering to a patient in need thereof a composition consisting essentially of two glycoalkaloids selected from the groups consisting of solamargine, solasonine, solanine, tomatine, solanocapsine and 26-aminofurostane and wherein the two glycoalkaloids are present in the composition at a ratio of between: 1:4 and 1:1 wherein the composition is essentially free of mono- or diglycosides, free sugars and aglycones of said two glycoalkaloids and said composition has an effect that is potentiated as compared to BEC.

54. (Canceled)

55. (Previously presented) The method of claim 53 wherein the glycoalkaloids are solamargine and solasonine.

56. (Canceled)

57. (Previously presented) The method of claim 53 wherein the ratio of glycoalkaloids is between about 1:1.

58-78. (Canceled)

79. (Previously presented) The method of claim 53 wherein the ratio of solamargine:solasonine is between about 1:1.
